

# Tater

*Tater is full of personality and he is waiting to share it with you!* He came to us with an old pelvis fracture that had not appropriately healed, leaving him with regular discomfort in his hip. Thanks to the support of Friends of the Shelter, Tater was able to have the surgery he needed to leave him without chronic pain and able to move around on four good legs instead of just three. Tater is crate-trained and house broken. Tater loves to play - fetch is his favorite - but at the end of the day he just wants to curl up and cuddle. Tater loves everyone he meets, but is looking for an all adult household .

## Special Needs
